

EDITORIAL PLAN 2019

N° 1/2 January-February

Focus on specific welding process: TIG

Preview of Trade Fair “Global Industrie” - Lyon

Assembly of the International Institute of Welding (IIW) at Villepinte / Paris

Closing date for editorial and advertising: 31st January 2019

N° 3/4 March-April

Focus on specific welding process: MIG-MAG

**“Global Industrie 2019”: Industrie, Midest, Tolexpo and Smart Industrie
(5th to 8th March 2019 at Lyon)**

Measuring welding heat input

Industry: Energy

Closing date for editorial and advertising: 29th March 2019

N° 5/6 May-June

Focus on specific welding process: FSW (Friction Stir Welding)

Design, lifespan and monitoring of structures subjected to fatigue

Advanced welding technologies and the use of robotics in tomorrow’s industrial plants

Industry: Chemistry

Closing date for editorial and advertising: 31st May 2019

N° 7/8 July-August

Focus on specific welding process: Shielded Metal Arc Welding

**2nd edition of the International Congress on Welding, Additive Manufacturing and associated
non-destructive testing ICWAM**

Welding and inspection 4.0

General Assembly of Institut de Soudure

Industry: Constructors

Closing date for editorial and advertising: 31st July 2019

N° 9/10 September-October

Focus on specific welding process: Submerged Arc Welding

News about welding and related technologies from exhibitors of EMO trade faire / Hanover

Nickel base alloys and superalloys

Industry: Transportation

Closing date for editorial and advertising: 27th September 2019

N°11/12 November- December

Focus on specific welding process: Plasma

Welding, punching and cutting technologies by plasma – waterjet - oxycutting - laser

Preview of Trade Fairs Schweisstech and Blechexpo Stuttgart – November

Multi-material assemblies

Metal or composite pressure equipment: Innovations, codes, standards, regulations

Industry: Petroleum and Oil

Closing date for editorial and advertising: 30th November 2019

HEADINGS:

**PROCESSES – APPLICATIONS – WELDING – ASSOCIATED TECHNOLOGIES – NDT –
SURVEILLANCE AND STANDARDS – SCIENTIFIC AND TECHNICAL STUDIES – NEWS
FROM THE PROFESSION - PORTRAITS – ADDITIVE MANUFACTURING – TRADE
FAIRS – NEWS SECTION**
